

About Dr. Eric Heien

- Born and raised in central South Dakota
- Graduated Northwestern College of Chiropractic in Minneapolis, MN
- Studied Acupuncture under the prestigious Dr. Richard Yennie
- Member of Nebraska Chiropractic Physicians Association

“The doctor of the future will give no medicine, but will interest his patients in the care of the human frame, in diet, and in the cause and prevention of disease.”

-Thomas A. Edison

What is Chiropractic?

Dr. Heien utilizes a natural method of healing, advocating a non surgical, non invasive approach to the treatment of his patients. This is achieved through specific spinal adjustments and other various therapies. Doctors of Chiropractic are often referred to as specialists of musculoskeletal system.

Structural and mechanical abnormalities in the spine and other joints of the body, which cause pain, dysfunction, and loss of mobility to thousands of Americans each year, can be successfully treated.

Is it for me?

During your initial visit, a consultation will be conducted between you and Dr. Heien. At this point, Dr. Heien will be able to tell you if he thinks he can help you. An examination will then be conducted to help pinpoint the problem.

Conditions we can help...

- ◆ Headaches
- ◆ Low back pain
- ◆ Neck pain
- ◆ Arthritis
- ◆ Numbness in the arms/legs
- ◆ Sports Injuries
- ◆ Stomach aches
- ◆ Constipation
- ◆ Bedwetting
- ◆ Asthma
- ◆ Allergies
- ◆ Whiplash injuries
- ◆ Pregnant induced back pain
- ◆ And much more...

We accept most insurance companies.

Acupuncture

The premise of acupuncture is based on the two way communication between points on the skin and internal organs. There are over 600 points on the skin with them all having multiple therapeutic effects on the body. Dr. Heien uses a technique that does not involve any needles. Electrical acupuncture is gaining popularity while still getting the results of needle acupuncture. However, Dr. Heien can do both. Acupuncture works by eliminating pain and restoring physiological function.
